ASTR 2910 Week 13 Reflection

Aim to spend about 15 minutes completing this reflection. Answer each question in order, taking time to think and reflect first before freewriting your answers. You're encouraged to be as detailed as possible, but you won't be evaluated on the length or content of your answers.

Think about your experience in this class. How would you evaluate yourself as a student? Are you satisfied with the amount of effort you put in and what you learned? Did you achieve the goal(s) you set at the beginning of the semester? Think about what you want to do after graduation (career path or broader life goals). Have your goals changed after taking this class, or did they remain the same? Do you still feel uncertain about what path you want to take? What lingering questions do you have?	nd	licates required question
